Education of your patients is critically important and makes the difference between a satisfied patient that refers others or another “dead” file.

We make it easy for you with principled, “on-purpose” educational materials that, when used consistently, saves you time and stimulates patient follow-through and referrals to your office.

## Introducing TNE-Audio Issues

We have 8 professionally recorded TNE-Issues on audio compact discs. **These audio CDs are personalized with your office information on the disc, making them an AUDIO BUSINESS CARD!**

- ✓ Play a TNE-Audio Issue at each staff meeting.
- ✓ Play TNE-Audio at Patient Lectures.
